

ACA Architects cc was established during 1993 and is headed by Jannie & Liesl Laubscher. Assisted by 8 employees, the offices in Cape Town and Langebaan are geared to serve the Cape Province. However, the firm has carried out commissions as far a field as Johannesburg, Durban, Kimberley, Swaziland, Namibia & Namaqualand.

Our field of expertise ranges from private homes to schools, training colleges, apartment buildings & shopping centres. A small military hospital, place of worship, several police stations and various restoration projects also contribute to our extensive field of experience.

We are committed to the achievement of excellence in design and our mission is to produce buildings of high aesthetic value. We believe in quality service, to deliver designs and buildings on time and within budget.
